Favorite quotes to illustrate

My secret retreat

Outside my comfort zone

I survived...

Enjoying the little things

I choose joy

Following my dream

Postcard from mother nature

Seasons of the heart

Sacred woman

Living in balance

The many faces of me

Home is where my heart belongs

Textured tales

She believes

She left her fears behind

Life's calling

Trusting the journey

Burst into passion

Capturing life's moments

Breaking through

Ring of fire

Cascade in green

Defying boundaries

Things I am grateful for

Daring myself

I'd rather be...

Going in circles

Free to fly

Reflections of love

Life begins after (coffee) (tea) (retirement)...

Masked identity

Real love stories never end

Follow the music

Loving life

Making the connection

My muse

She reached for the stars

She lets her sparkle shine through

Seasoned love

Live laugh dance

Life a beautiful mystery

Dreaming my world into reality

Spirit awakened

Moving through stillness

Twilight dreams

Emerging from the showings

Dawn of desire
